

Product description

Patronus is a free standing floor lamp which adopted the cutting-edge optic and intelligent control technology in her slim and elegant look makes really an eye-catching artwork.

The direct/indirect light distribution is designed to ensure optimal and efficient lighting of both the task area and the room. An integrated daylight sensor and motion sensor automatically detect your working status and help optimize power consumption. She is Patronus, a Goddess of Light who always standing by your side with careness and cosiness.

Product features

- Aluminium luminaire stand and steel base for good stability
- Control gear remoted
- Brightness and motion sensor
- Light control directly via anti-glare asymmetric diffuser; indirectly via special optic, with wide, homogeneous light distribution characteristic
- Bluetooth dimming supported
- Versions occupy 1 address

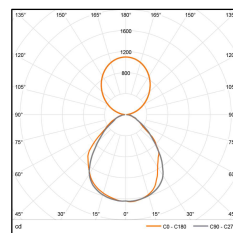

- Matt white or matt black

Technical data

Input	AC220V
Power consumption	68W
CRI	>90
CCT	Indirect - 4000K Direct - 4000K
Beam angle	Indirect - 100° Direct - 88°*92°
Chromaticity tolerance	<3 SDCM
Rated lifetime	50000H (Ta 25°C)
Dimming method	Bluetooth
Dimming range	0-100%

Luminous intensity distribution curve

Indirect - LED 30W 3860lm 4000K
Direct - LED 30W 3840lm 4000K

Mode	Direct
L/m	2.4 1.6
W/m	0.8 0.8
Ēm/lx	443 640

L: length of desk
W: width of desk
Ēm: average illuminance on desk (only for direct lighting)
